**WHERE:** Burlington County Community Action Program, 795 Woodlane Road, Lecture Hall B, Westampton, NJ 08060

**WHEN:**
- **Thursday, Sept 14th** from 6:00 – 9:00 pm  **Workshop #1 of 7:** What Happens Early Matters
- **Thursday, Sept 28th** from 6:00 – 9:00 pm  **Workshop #2 of 7:** Infant and Early Childhood Development
- **Thursday, Oct 12th** from 6:00 – 9:00 pm  **Workshop #3 of 7:** The Language of Behavior
- **Thursday, Nov 2nd** from 6:00 – 9:00 pm  **Workshop #4 of 7:** Early Stress & the Power of Meaningful Connections
- **Thursday, Nov 9th** from 6:00 – 9:00 pm  **Workshop #5 of 7:** Relationship-based Practices
- **Thursday, Nov 16th** from 6:00 – 9:00 pm  **Workshop #6 of 7:** How Culture Shapes Social Emotional Development
- **Date TBD** from 6:00 – 9:00 pm  **Workshop #7 of 7:** Reflective Practices: Caring for Ourselves

The ‘Keeping Babies and Children in Mind’ series is comprised of seven, three-hour workshops.

- This training promotes awareness about the unique social and emotional development of our youngest children, the importance of reflective caregiving and parenting towards building resilience, and the centrality of forming relationships and social connections in practice.
- Although the workshops are designed to be taken in order, each workshop will be able to stand alone.

Funded by the NJ DEPARTMENT OF HUMAN SERVICES, DIVISION OF FAMILY DEVELOPMENT

The Department of Human Services (DHS), Division of Family Development (DFD) recognizes that the key to promoting positive development in young children includes helping caregivers and parents understand the adverse effects of traumatic events on young children. Effective Infant and Early Childhood Mental Health (IECMH) education has been shown to improve maternal and child health, family functioning and stability, and child and family well-being; and prevent child neglect and abuse. With support from the Race to the Top Early Learning Challenge grant and the Grow NJ Kids initiative, DFD has allocated funding for IECMH professional education/training and coaching to build local staff knowledge and capacity, and implement evidence-based practices that support positive social-emotional well-being and address the mental health needs of infants/young children and their families. The goal is to assist children and their families to effectively cope with the stress of traumatic events (*such as Superstorm Sandy*), promote positive early childhood development, and buffer the negative impacts by strengthening families and building resilience.
